Martins, Gregorys Named Delegates To State FB Meet

Jones County Farm Bureau held its annual meeting Monday evening of last week in the Anson High School auditorium. Three outstanding Farm Bureau men, Billy Joe Gist, state director; Ed Cumbie, district field man; and Fernon Gayle, director of farm safety, were on hand at the meeting to highlight the program.

Five new directors were elected to the board for a term of two years. They are Audrey Hodnett and C. E. Gregory from Precinct 1; Harold McDuff from Precinct 2; Jack Morrow from Precinct 3; and Troy Sloan from Precinct 4.

Mr. and Mrs. K. G. Martin and Mr. and Mrs. C. E. Gregory were elected delegates to the state convention at Dallas November 17 to 20. They will carry the resolutions that were discussed and adopted at the annual meeting or to the convention.

Five door prizes were given to the following attendants: W. A. Crumpler, junior mixer; Bill Pritchard, deep fryer; K. G. Martin, coffee maker; C. E. Gregory, electric skillet; and Evan Shuquist, Pride of Virginia bedspread. The meeting was well attended and very informative on farm problems and legislation, say officials of the unit.

Up to Four Inches Of Rain Falls in Hamlin Region

When it rains it pours—and hails, too, in some sections of the Hamlin territory. At least that was the case Monday night when two inches of rain and considerable hail pelted the area.

Hail damage to crops, particularly the maturing cotton that has been looking so promising, was spotted, but severe in some regions. The rainfall measured from one to four inches. In Hamline the precipitation was tabbed by Bill Rountree, government rain gauger at the city pump station, at 2.03 inches.

Worst damage to the cotton crop was east and southeast of Hamlin, where as much as one-third of the cotton was destroyed.

The heaviest hail came in a strip about seven miles wide extending from the Dovie school house, five miles east of Hamlin, to Tuxedo, and reaching south for three or four miles. Ralph Riddle, farming six miles east of town, said he estimated that about 35 per cent of his cotton was destroyed.

The hail then lifted somewhat on its southerly path and struck again in the Plainview community, seven miles southeast of Hamlin, where damage again was estimated as much as 35 per cent.

Irby Weaver, farming in the Neinda community south of town, likewise reported damage up to 30 or 40 per cent to his cotton.

The rains were welcome, although they slowed cotton harvest for several days. Cotton pulling was just getting underway in full blast.

The 2.03-inch rainfall at Hamlin brought the year's total to 24.89 inches, a little above the normal for the year at Hamlin.

Neinda community received rain measuring from one and three-quarters to two and one-half inches. Ralph Riddle, east of town, said he got two inches. W. R. Townsend in the Hinson community, five miles west of Hamlin, reported 1.8 inches. The rainfall north of town near the Double Mountain Fork of the Brazos River measured up to four inches.

Methodist Pastor to Speak Thanksgiving

Rev. Edmund W. Robb, pastor of the First Methodist Church, has been named speaker for the annual union Thanksgiving service sponsored by the Hamlin Ministerial Alliance. This service will be conducted at the First Baptist Church.

Several other items of business were discussed at the regular monthly meeting of the alliance, held last week.

Rev. Bill Hanna, pastor of the Church of the Nazarene, was elected to take the place of Rev. Dennis Egger as a member of the welfare committee along with W. C. Russell and Clarence Bailey.

Three new citizens have been recorded at Hamlin Memorial Hospital since last week's report in The Herald. A boy and two girls, they are:

A boy for Mr. and Mrs. J. D. Martin of Aspermont arrived on September 29. Weighing seven pounds five ounces, the young man has been assigned the name Lester Ray.

A girl for Mr. and Mrs. Earl Long was born October 3. After having her weight checked at eight pounds 11 ounces she accepted the name Angela Narene.

A girl for Mr. and Mrs. Paul Ray Cook arrived October 2. She will be known as Vicki Denise. She balanced the scales at six pounds six ounces.

More Homecoming Replies Pouring In

Replies to postal card invitations to the third annual homecoming for ex-students of Hamlin High School continue to come in to the HHS Ex-Student Association officers, indicating that many former students who have not attended previous homecomings will be on hand next week-end.

Association President Joe Ford and Secretary Jo Riddle declare that plans are shaping for entertaining more than 400 ex-students Friday and Saturday of next week.

A downtown headquarters for registration of homecomers and handling of information and other details of the gathering has been established in the former city hall building at the corner of South Central Avenue and Southwest Second Street. The headquarters is being maintained by members of the Hamlin Business and Professional Women's Club.

It will be open each day from 9:30 to 11:45 a. m. and 2:00 to 5:00 p. m. Refreshments will be served at the headquarters office on October 18 and 19, it is announced.

Ex-Student association officials again urge Hamlin community former students to register for the homecoming at the headquarters before next Friday in order to avoid congestion when out-of-town attendants begin arriving. As announced previously the homecoming activities will get underway Friday afternoon at 3:30 with registration at the high school. A football game between Hamlin and Albany will be the evening's feature at 8:30, with crowning of the Homecoming Queen between halves. Following the game a coffee will be staged at the high school gymnasium.

As part of the homecoming celebration, present high school students and their dates will be feted Friday night at a rally on the lawn of the First Baptist Church, across the street from the high school. Women of the church will be hostesses at the affair.

Saturday morning at 9:00 o'clock registration will continue at the school. At 10:00 o'clock business and class meetings will be conducted in the high school auditorium. A barbecue dinner will be served at 12:00 noon.

By DePriest School Classes Dismissed

Classes at DePriest Colored School were dismissed last Friday for four weeks to permit students to help with the cotton harvest. It was announced by Principal E. S. Morgan.

Class work will be resumed on Monday, November 4, Morgan said. School work was started the first part of August this year to permit the recess period.

Windbreak Trees for Farms Are Available

Windbreak trees for farm and municipal planting are available again this year from the Texas Forest Service, according to Bill Lehmberg, county agent, and Ray Walker, county agent in training.

Species available are Austrian pine, Chinese elm, Ponderosa pine and red cedar. Chinese elm are the best adapted to this area, but are subject to cotton root rot. Orders must be for 100 or more and the cost is \$3 per 100. No less than 100 trees of one species may be ordered. Deadline for making application is October 15.

Shipping begins December 1 and ends April 1.

Further information can be obtained at the county agent's office.

Dauphin was a title given to the eldest son of a king of France.

Rev. BILL HANNA, in a series of revival services at the Hamlin Church of the Nazarene is Rev. Milton Poole (above), pastor of the Lubbock First Church of the Nazarene. The service will continue through Sunday, October 20, according to the pastor, Rev. Bill Hanna.

Junior High School Band Goes to Games

Mac Fullerton's Junior High School Band has been an appreciated asset at the Junior High football games this year. Band members are in the sixth and seventh grades, and number about 55.

The band is accompanying the team out-of-town to ball games for the first time this season. The band provides its share of a full evening of football entertainment at the Junior High games.

D. L. Bristow Dies at Anson Tuesday Night

As The Herald was preparing to go to press word came that D. L. Bristow, 83-year-old long time resident of the Hamlin community, a deacon in the First Baptist Church and well known in West Texas, died Tuesday evening at 7:00 o'clock at Anson. He suffered a heart attack shortly before.

Funeral services for the pioneer had not been set Wednesday, but probably will be sometime Thursday, it was announced.

The Great American Desert covers an area of 1,050,000 square miles.

Securities Being Cashed to Meet Welfare Expense

Definite need for a revaluation of property values in Jones County is imminent, declare county officials, in order to meet the growing costs of government and other public expenditures.

Ima B. Dougherty, tax assessor-collector of Jones County, said this week that the county is operating "in the red" in the welfare department, as the taking care of the indigent in the three hospitals in the county was not cared for in the budget for the coming year.

Securities are being cashed out to take care of this expenditure, she declares, there being no fund of county monies from which to handle this new burden.

County property valuations for 1957 totaled \$26,868,890, reflecting a slight gain over the 1956 valuation total of \$26,814,960, according to tabulations made by Miss Dougherty. The tax charge for 1957 ad valorem taxes amounts to \$320,536.59 in comparison with the 1956 tax charge of \$327,078.84.

Miss Dougherty explains the difference in the tax charge as being that the \$15 per \$100 valuation for Road District No. 10 in the south part of the county was dropped. However, Road District No. 1 picked up in 1957 at seven cents on the \$100 valuation.

County and state tax collections for the first week in October of this year were \$11,362.23, compared with payments in 1956 for the same period of \$12,946.34.

A discount of three per cent is allowed on state and county taxes when paid in October; two per cent discount when paid in November; and one per cent when paid in December. Net payments are due in January, and penalty charges are made thereafter.

The same discounts are also applicable for City of Hamlin and Hamlin Independent School District taxes, declare the tax collectors for these two taxing units.

Incidentally, several neighboring counties, including Taylor and Nolan Counties, have been working for increased valuations for several months. These two counties named have hired property valuation firms to check each piece of property.

Firemen and Ladies from West Texas Meet Here Today for Convention

Despite threatening weather on Wednesday, plans were going ahead to entertain more than 300 firemen and their ladies from the West Texas region, meeting in semi-annual convention Thursday at Hamlin.

Ministerial Alliance Accepts Radio Time

Hamlin Ministerial Alliance has accepted radio time offered by Radio Station KDST at Stamford. Each Saturday at 6:45 p. m. one of the alliance pastors will give a devotional message.

Rev. Henry C. Adair was elected as program director. These programs will begin this coming Saturday with Rev. Bill Hanna, alliance president, as speaker.

Members of the alliance urge the people of Hamlin community to tune in to these programs from week to week. Pertinent announcements affecting the Hamlin churches will also be made on the program.

Members of the Hamlin Fire Department and the Ladies' Auxiliary were completing plans for the gathering, which gets underway this (Thursday) morning at the city hall with registration of delegates and other attendants.

President Bill Brown of Snyder of the West Texas Firemen's Association will call the convention to order at 1:30 o'clock this afternoon. Following preliminaries, the main speaker of the meeting will be O. A. Kimbrough, chief of the Dyess Air Force Base at Abilene.

Following the program sessions at the Ferguson Theater, feature of the day will be pumper and hook-up races between teams from over the area at 4:30 o'clock on Southwest Third Street, west of the bank. These contests always attract much interest among attendants and guests.

A convention feed will be staged at the City Park at 6:00 o'clock. The day's activities will be climaxed with a dance at the I. R. Witt cabins at Hamlin West Lake beginning at 7:30.

Tour of Knowledge Subject of Year Introduced at Fifty-Two Study Club

"Tour of Knowledge" was the subject for the program presented to the Fifty-Two Study Club by the yearbook committee. Mrs. Gene Westmoreland, Mrs. Fred B. Moore Jr. and Mrs. W. S. Seals, at the first meeting of the club year. The luncheon was held at the oil mill guest house at 12:30 noon Friday.

Plebian Class Group Gives Shower for Teacher at Meeting

Members of the Plebian Sunday School Class of the First Baptist Church recently held a short business session at the church with Mrs. Fred Young and Mrs. J. H. Hines as hostesses.

During the social hour the hostesses served home-made ice cream and cake. The teacher, Mrs. Tom Routh, was given a surprise miscellaneous shower of gifts for her new home.

The class group met with Mrs. Routh on October 3 and the new officers were installed by Mrs. James Fitzgerald in an impressive ceremony.

The following officers were installed: Mrs. Tom Routh, teacher; Mrs. J. H. Hines, assistant teacher; Mrs. S. C. Ballew, president; Mrs. C. L. Meyner, vice president; Mrs. R. C. Ritchey, secretary; Mrs. Elmer Brewer, assistant secretary; Mrs. D. A. Brown, Mrs. Charlie Sellers, Mrs. Fred Young and Mrs. Charlie Durham, group captains.

Refreshments of punch and cookies were served by the hostesses to attendants.

Copperheads are the most widely distributed and in many places the most abundant of poisonous snakes in the United States.

Centerpiece for the luncheon table was a world globe with dolls of foreign nations and methods of travel—cars, boats and airplanes—around it, emphasizing the arm chair tour of knowledge. This was centered with a beautiful arrangement of floral, pink roses and queen's wreath and belia in brass container.

Mrs. Fred B. Moore Jr. gave the invocation. After the luncheon, Mrs. Noel Weaver gave the president's message. Mrs. Gene Westmoreland presented the new yearbooks to each member and asked each one to introduce herself and tell something interesting that she did during the summer.

In a short business meeting Mrs. J. O. Murphree was elected reporter for the club.

Attendees included Mmes. Noel Weaver, Irby Weaver, Don Thompson, F. E. Bayouth, Jerald Young, Gene Westmoreland, Wilson Brannon, J. F. Cox, Gus Young, W. F. Ferguson, L. A. Joiner, Dale Lain, Neil Laminack, Joe League, Fred B. Moore Jr., Charles Newland, W. S. Seals, Cecil Sellers, B. O. Bell and Dean Witt.

James Lain to Wed Sipe Springs Girl

Mr. and Mrs. W. W. Jackson of Sipe Springs announce the engagement and approaching marriage of their daughter, Janis, to James Lain of Odessa, son of Mr. and Mrs. J. C. Lain of Hamlin.

The wedding will be performed at the Sipe Springs Baptist Church on Sunday, October 20, at 4:00 p. m.

Young Lain is a graduate of Hamlin High School and Tarleton State College at Stephenville. He is employed by an oil company at Odessa, where the newlyweds will make their home.

Enlistment Program Features Meeting of First Baptist WMS

Members of the Woman's Missionary Society of the First Baptist Church met Monday afternoon at the church for a business session and for a program on "Enlistment."

The business meeting was conducted by the president, Mrs. Edgar Duncan. Reports of officers and committee chairmen were given. Plans for the month were presented and discussed.

Devotional was given by Mrs. George T. Campbell. Mrs. Edgar Lewis gave a talk on enlisting others in the work of the WMS. She emphasized the opportunities one has in the WMS, as follows: To obey Christ's commission; to pray unitedly; to study mission fields; to help save the world; to give according to ability; to enjoy Christian fellowship; to do community missions; to share in Christ's presence.

Those attending the meeting were Mmes. Leon Moore, Edgar Duncan, L. B. Shelburne, J. O. Murphree, Edgar Lewis, A. H. Trotter, Bill Shira, L. A. Joiner, Tate May, Cecil Sellers, R. C. Ritchey, Roy Carmichael, W. L. Boyd, Clyde Grice, Wallace Walton, LaFoy Patterson, Charlie Abbott, J. C. Greenway, George T. Campbell, Neil Laminack, Orbie Fannin, E. B. Watson, A. Zuna Camp Fire Girl Group Has Busy Time in September

September activities for the Zuna group of Camp Fire Girls included three gatherings.

At the first meeting on September 12 in a business session the following officers were elected: Joyce Smith, president; Mary Fitzgerald, vice president; Kay McCoy, secretary; Sue Johnson, reporter. A new member, Joyce Smith, was recorded at this meeting.

On September 19 Mrs. A. J. Hallmark, the associate leader, showed the girls interesting experiments on which the members will get beads.

On September 26 the girls went to the park, where leaders showed them how to start five different kinds of fires. The Camp Fire Girls enjoyed toasted marshmallows as a climax of the meeting.

Mental Health Topic At Dinner Meeting of Hamlin B&PW Club

A Halloween motif was used in table decorations for the regular dinner meeting of the Hamlin Business and Professional Women's Club Tuesday evening at the Primary School cafeteria.

Mrs. Joe Stephens, guest speaker, talked on "Mental Health." She pointed out that mental health is the responsibility of the church, school and community. Every disease but mental health has an organized national drive to secure funds for research, aid and public clinics, Mrs. Stephens declared.

Entertainment was a skit by Mrs. Leona Brown featuring members of the club.

Plans were made for a home-coming center downtown to be sponsored by the B&PW Club.

Guests for the evening were Mrs. Faye Dean, Mrs. Charles Wade and two senior girls of the month, Dolores Carter and Joyce Hines.

Responsible for the evening's program and decorations were Mrs. Leona Brown, Mrs. Nettie Hackley, Mrs. Ed Bailey, Viola Avants and Mrs. Arlene Drummond.

Wylie Baptist Church Declared Area Winner in Achievement Competition

Wylie Baptist Church has been named winner of the District 17 Town and Country Achievement Award sponsored by the Baptist General Convention of Texas. The Fairview Baptist Church, seven miles southeast of Hamlin, also was an entry in the contest.

District Missions Secretary Lawrence L. Trott of Abilene said the teaching and evangelism ministries of the church were primary considerations of the judges.

Sunday School enrollment increased by nearly 25 per cent and attendance by nearly 15 per cent. Members of the church earned more than 200 Southern Baptist Convention training awards during the year.

Two revival campaigns were conducted, one a combined fall revival and youth revival. Baptisms increased by nearly 25 per cent over the previous year, additions to the church by 15 per cent.

District 17 includes seven associations, 16 churches, 14 missions and 53,875 members. The district's 11-county area extends from Knox City on the north to Tuscola on the south, and from Roscoe on the west to Ranger on the east.

It is one of 17 geographical areas in which the BGTC promotes the achievement program each year. The winning pastor in each district receives a parchment scroll, the church a metal plaque which may be displayed in a prominent position outside the building.

One church and pastor will be recognized as state-wide winners during Texas Baptists' annual convention November 5-7 in Fort Worth.

Pastor Berl Cavin said the church majored on evangelism.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending September 28, 1957, were 22,480 compared with 25,969 for the same week in 1956, reflecting a decided decline from a year ago. Cars received from connections totaled 11,565 compared with 13,763 for the same week in 1956.

Total cars moved were 34,045 compared with 39,732 for the same week in 1956. Santa Fe handled a total of 34,712 cars in the preceding week this year.

training and missionary activities during the achievement program. In addition to giving 12 per cent of the church budget to missions through the Texas Baptist cooperative program, the church gave more than \$1,400 in special offerings for foreign and state missions.

Divided into three categories, the achievement program is judged on projects designed to build a better church, community and world.

Church improvement projects included the building of parking lots, classroom tables, improving nursery facilities and air conditioning and painting the educational building and parsonage.

Rev. Cavin said the church showed an 85 per cent attendance at worship services Sunday morning after the church school, and 98 per cent of the membership in training union stayed for the evening worship services.

Men of the Brotherhood organization sponsored family nights twice during the year and conducted several work nights to help in improving church facilities.

In addition to directing the increased missions giving of the church, the Woman's Missionary Union conducted a community missions program and sponsored a youth sweetheart banquet.

Mrs. Lowell Evans served as chairman of the community improvement committee. Projects included the "mother's march on polio," community clean-up campaigns, a fund raising campaign to fight cancer, offering the church for high school use and collecting used clothing for needy families.

Lem Ray, chairman of the world betterment projects, helped plan the missions program, obtained special missions speakers, planned educational programs on race relations and conducted an alcohol education week.

The committee provided transportation for boys from Abilene Boys' Ranch to attend church services.

Other projects of the church included a special offering to help repair flood damage at the Lueders Baptist Encampment, sponsoring a community-wide vacation Bible school and installing church identification signs.

Purpose of the town and country achievement programs is to stimulate interest in town and country church work, to recognize outstanding achievements by pastors and churches, and to help Texas Baptists realize their responsibilities to their local community and world.

LIFE SENTENCE.

It was the first day of school, and the little boy was crying his heart out.

"And what's wrong with you, little man?" his teacher asked sympathetically.

"I don't like school," he wailed, "and they tell me I have to stay here till I'm 15."

"You're lucky," the teacher replied. "I have to stay here till I'm 65."

Phillips TU Group Meets in Monthly Social Friday Eve

Members of the Phillips Training Union of the North Central Avenue Baptist Church met Friday evening in the home of Mr. and Mrs. D. A. Mullins for their business and social hour. The session opened by the vice president, Mrs. L. H. Clark. The song service was led by Mrs. Frank Martin.

After the opening prayer by Mrs. E. B. Hopper, the devotionals were brought by Mrs. D. A. Mullins. Closing prayer was said by Mrs. Harold Lee.

Refreshments of ice cream and cookies were served by the social chairman, Mrs. Sid Clay, and Mrs. Bob Cary Sr. to Mr. and Mrs. Harold Lee, Mr. and Mrs. L. H. Clark, Mrs. G. B. Phillips, Jack Tobler, Mrs. Frank Martin, Mrs.

KEEPING IN TOUCH.

When Dennis and Murphy drifted into the big city, they came to share the same room. Dennis knew that, somewhere back home, Murphy had a wife, but his friend seldom mentioned her.

One day Murphy received a letter and Dennis inquired: "Who's it from?"

"From my wife," Murphy replied.

"But, Murphy," Dennis protested as he watched his friend draw a perfectly blank sheet of paper from the envelope, "there's nothing written there."

"Oh, know," Murphy replied. "Me and the missus ain't speakin'."

Next meeting of the group will be in the home of Mr. and Mrs. E. B. Hopper on November 7.

Ruth Sunday School Class Meets Thursday In Harold Lee Home

Members of the Ruth Sunday School Class of the North Central Avenue Baptist Church met last Thursday afternoon in the home of Mrs. Harold Lee for their regular monthly business and social session.

Meeting was opened by Class President Mrs. E. B. Hopper and Mrs. D. A. Mullins, who offered by Mrs. A. G. Anderson.

The class voted to send a Christmas box to Bobby Hopper, son of Mr. and Mrs. Eddie B. Hopper, who is in the service; and also to a shut-in.

Mrs. V. Madden brought the devotionals from the twenty-third Psalm. Closing prayer was said by Mrs. D. A. Mullins.

Refreshments were served to Mrs. A. G. Anderson, Mrs. Eddie

Next meeting on November 7 will be in the home of Mrs. Eddie B. Hopper at 2:00 p. m.

Chickens Top List of Plentiful Foods for Month of October

The crisp fall evenings are hard to beat so far as the choice of seasons for an outdoor meal is concerned. Outdoor chefs will find one of their favorites, broiling and frying chickens, heading the list of plentiful foods for October.

The U. S. Department of Agriculture's Marketing Service reports that industry and government will cooperate during October to promote the sale of broilers and fryer as well as cheese and dry peas. These foods headline the October list of plentiful foods.

Canned and frozen peas are also expected to be in ample supply as are apples, potatoes, onions, peanuts and peanut butter.

Some 9,500,000 Chinese died from famine in the year 1877-78.

State Capital NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin—Governor Price Daniel apparently is going all out to get the balance of his 1957-58 program adopted into law.

Special legislative session begins October 14.

In recent speeches over the state Daniel has plugged for lobby control and a crime commission. More talks were scheduled—one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

Crime.—Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked for a state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent by juveniles, said Daniel. (A recent FBI survey showed that during the first half of 1957 Texas has had an increase, up to nearly 10 per cent over 1956, in every type of major crime).

Lobby Control.—Opponents of this bill are trying to "picture it as a struggle between business and labor," said the governor.

"This is ridiculous . . . the bill would require registration of those employed by both labor and industry to influence legislation."

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern day carpet-baggers who hide their identity and improper expenditures."

Federal School Aid.—"Full responsibility for the operation and financing of public schools should be exercised by the states and their political subdivisions."

Governor Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment from U. S. military installations.

Little Rock Controversy.—Governor Daniel suggested that both President Eisenhower and Arkansas Governor Orval Faubus had fumbled in handling the school integration problems there. Neither, he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

Bright Future.—Texans can look forward to more money, but a little less elbow room in the next few years.

So says U. S. Senator Lyndon Johnson in predicting a population of 12,000,000 for the state by 1975 with a total personal income of \$24,000,000,000. This compares with a 9,500,000 people in the past few years.

Senator Johnson forecasts a 1975 farm output of \$2,900,000,000 up a billion from now, and factory production worth \$4,000,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rosy prospects for the future will quickly banish unless we act to control our water resources.

"Texas," he said, "is a growing giant wearing last year's shirt. It's going to strangle, he said, unless there is quick action."

Weather Toll.—Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state.

Latest Defense Department reports put the year's toll from tornadoes, floods, blizzards and Hurricane Audrey at 61 dead, 608 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation in major disasters."

TB in Texas.—Startling facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texas spends \$6 per patient per day on its TB hospitals," Dr. McShane advised. "And we rank in the bottom fourth on what is spent in trying to get them well."

School Panel Named.—Way is clear for a new study on needs of the public school system. Six appointments by Governor Price Daniel completed membership of a new commission created by the last Legislature to do the job.

Daniel's appointees: Dr. J. W. Edgar, commissioner of education; Dana Williams, Gladewater superintendent and president of the Texas State Teachers Association; Ed Ray, executive editor of The San Antonio Express and Evening News; Mrs. L. E. Dudley of Abilene; M. K. Jackson of Gates-

KERRY DRAKE

ville; and Felix Tijerina of Houston.

Six appointments each were made earlier by the speaker of the House, the lieutenant governor and the department of education.

Business Year Uncertain.—Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: Softening of the building outlook, slackened expenditures by the federal government and business concerns. Bright hopes: Expanding expenditures by state and local governments, high level consumer spending, continuing population increases.

Short Shorts.—House Speaker Waggoner Carr is entitled to use capital quarters for office space. Attorney General Will Wilson has held in an opinion requested by the state comptroller. Salary for a secretary and expenses for sta-

tionary, supplies, telephone and telegraph also were approved. . . . John H. Hargrove has been appointed chief of the staff services division of the state insurance department by Commissioner William A. Harrison. Hargrove was formerly with the Texas Research League.

SERIOUS CHARGE.

Officer—"I ketched this here guy pinchin' bananas off a fruit stand."

Judge—"Ah! Impersonating an officer! Two years. Next case."

Ossee Whitley with Army Unit in France

Army Private First Class Ossee D. Whitley, son of Mr. and Mrs. James Whitley of Route 3, Hamlin, recently arrived in Captieux, France, and is now a member of the 7832nd Army Unit, according to a release to The Herald from the French base.

Whitley, assigned to the unit's Detachment A, entered the Army in March, 1957, and was last stationed at Fort Bliss, Texas.

The 26-year-old soldier is a 1948 graduate of Rotan High School.

Pied Pipers Have Open Date This Week on Grid Schedule

Albany Is Next On Grid Schedule At Homecoming

Bench-warming will be the principal vocation of the Hamlin High School Pied Pipers this week as Coach D. C. Andrews' crew wait out an open date. It will be the first open date of any team in the District 4-AA schedule, except for the Seymour-Childress game that was called off last Friday night on account of the flu.

Andrews says his boys are in good shape considering their five games played this season. Only minor injuries have plagued the squad so far this year.

After the Winters Blizzards last Friday night bowed to the Pied Pipers for the first time in five years, the Hamlin boys are feeling good about their record for the five games, which is marred only by the 7 to 7 tie sustained when they met the Spur Bulldogs in the second tilt of the year.

Next game on the schedule of the Pied Pipers is the tilt with the strong Class A Albany crew when the Shackelford County boys come to the Pied Piper stadium to help ex-students of HHS celebrate their third annual homecoming.

Albany has a fast team that will not be a push-over for the Pipers. In fact, they have defeated Olney and Winters in two upsets this year.

DISTRICT 4-AA STANDINGS

Seymour clung to a perfect record over the week-end by having its Childress game canceled because of a flu epidemic, and Hamlin remained in second spot in the District 4-AA standings after five tilts have been reeled off.

Standings after last Friday night's encounters looked like this for district teams:

Team	P.	W.	L.	T.	Pct.
Seymour	4	4	0	0	1.000
Hamlin	5	4	0	1	.900
Stamford	5	4	1	0	.800
Anson	5	3	1	1	.700
Haskell	5	2	3	0	.400

Results Last Week.

Coleman 26, Haskell 7.
Hamlin 27, Winters 14.
Anson 21, Merkel 0.
Stamford 13, Brady 7.
Seymour-Childress, cancelled.

Where They Play Friday.

Anson at Albany.
Cisco at Haskell.
Dumas at Seymour.
Stamford at Brownwood.
Hamlin—Open date.

Grid Film to Be Shown Monday to Boosters

Pied Piper Booster Club will host a special meeting Monday evening at 8:00 o'clock in the Hamlin High School gymnasium for football players and fans. The public is urged to attend, especially parents of the football players, according to Carly Haynes, president of the booster group.

Members of the A and B football teams of HHS will be special guests at the gathering. Humble Oil Company will furnish a colored

Hamlin B String Defeats Haskell By 21 to 12 Count

Hamlin High School's B team of gridgers maintained their good record Thursday night when they hepped the Haskell Juniors by a 21 to 12 count on the Haskell gridiron. They have lost only one game this year—that to a stronger Abilene High School sophomore group in the second tilt.

Coach Neil Laminick says his boys are working hard and showing good football tactics.

In the first half of the Haskell tilt, the B boys played heads-up football, pushing over two touchdowns. Michael Bonds, who accounted for all three of the Hamlin touchdowns, traped across the double stripe in the first quarter on a 25-yard quarterback keeper play.

Again in the second period Bonds used the same play to tally from 15 yards out.

In the first half of the game the Hamlin defense was going through the Haskell line and throwing them for losses nearly every play. In the second half the Hamlin boys went to sleep and Haskell pushed over two touchdowns in a row.

About a minute before the game was over Bonds again repeated his keeper play and went over from seven yards.

Besides Bonds, other outstanding players for Hamlin were Durdwood Boyd, Wesley Cummings and Sam Mack Hodges.

film, "Highlights of the 1936 Southwest Conference," for showing at the get-together.

Junior High Keeps Record Clean with Anson Win 33 to 18

Harry Martin's Junior High School gridgers showed considerable poise in turning back the lads from the county seat with a 33 to 18 shellacking last Tuesday night.

Hamlin received the opening kick-off and marched for the first score. Babe Shields dashed 40 yards for the touchdown, with Bill Richey plunging for the extra point.

Anson received the kick-off and tallied three plays later when Philip Rasor circled his left end for 40 yards and a touchdown. Anson failed in its plunge for the extra point. The first quarter ended with the score Hamlin 7, Anson 6.

Hamlin scored early in the second quarter on a pass from Wayne Baize to Babe Shields, with Halfback Frankie Lee plunging for the extra point.

A few minutes later Hamlin had Anson deep in their own territory. Stanley Austin recovered an Anson fumble behind their own goal line for a Hamlin tally. Frankie Lee was stopped short of the goal line on the extra point attempt. The half ended with Hamlin enjoying a comfortable 20 to 6 lead.

Babe Shields tallied another touchdown in the third quarter on an end run. Try for extra point failed.

Anson got back in the ball game when an Anson lad intercepted a stray aerial and raced 20 yards for the second Anson score. The third quarter ended with Hamlin leading 26 to 12.

Anson scored midway in the fourth period when a hand-off from another Anson back on a punt return set down the west sideline for Anson's final score.

Hamlin received the following kick-off and moved the ball for the last score. Frankie Lee turned in the best run of the drive on an end sweep. Bill Richey swept right end for the six-pointer, and Frankie Lee plunged the right side for the extra point.

Stand-out performances for Hamlin were the smooth quarterbacking of Wayne Baize, the outstanding blocking of Frankie Lee, and the excellent running of Bill Richey and Babe Shields. Standing out for linemen were Jerry Smith, Stanley Austin and Jerry Duncan.

Teams of District 4-AA Continue to Fatten Percentages with Four Wins

Football teams of District 4-AA continued to improve their pre-conference standings last week-end by winning three games and losing one, while the fifth member, Seymour, had its game with Childress cancelled because of the flu epidemic.

State AA Champion Stamford further proved that it is still a strong contender for football honors in these parts by bopping the Brady crew 13 to 7; Coleman won over the Haskell Indians 26 to 7; Hamlin cooled off the Winters Blizzards with a 27 to 14 victory; and Anson tripped the Merkel Badgers 21 to 0.

Coleman's Bluecats, who last year were the Class 7-AA district champions, took a 26 to 7 decision over the strong Haskell Indians, despite the fact the Haskell crew won the statistics bout. The Coleman eleven had the scoring punch at the right time. Haskell rolled up 13 first downs to 12 for Coleman, and made 239 yards in the rushing department to 200 for the Bluecats. Tommy Allsop, Jimmy Norris (two) and Larry Jennings scored for Coleman, while Wheatley accounted for the Indians' touchdown and extra point.

Hamlin's Pied Pipers kept their record clean Friday night by taking a 27 to 14 decision over the Winters Blizzards, although the statistics favored the Winters aggregation. Winters made 11 first downs to 10 for Hamlin, and rolled up 190 yards rushing to 165 for Hamlin; but the Pipers held the big edge in passing yardage, connecting with four of 11 passes for 146 yards, while Winters made 35 yards in the air on five of 20 aerial tries. Scoring for Hamlin were Virgil Wilson (two), Jimmy Bryson and Bill Murff.

By capitalizing on two blocked Merkel punts, the Anson Tigers breezed to a 21 to 0 victory over the District 6-AA Badgers Friday night at Anson. Scoring first for Anson late in the second quarter was Wade Calhoun on a pass from David Propst, following a blocked Merkel punt. Again in the third quarter a Merkel punt was blocked and Propst scored from the one-yard spot. Calhoun scored again in the third period on a 45-yard pass. Anson made 11 first downs to nine for Merkel.

Stamford continued to romp in the state AA championship glory last Friday by a 13 to 7 win over the strong Brady crew. Quarterback David Upshaw scored first for Stamford in the second quarter on a one-yard punch, and Don Davis ran over the extra point. David again scored in the third period on a 59-yard run. Brady

also scored in the third period when Halfback Charles Ortiz went around right end for the tally.

The Seymour-Childress game was called off Friday morning when several members of the Childress crew were reported out with the flu. Other outbreaks of the disease were reported in the school, and fear of spreading the ailment prompted the cancellation.

Hamlin Defeats Winters 27 to 14 in Friday Encounter

Hamlin High School's football crew kept their loss record clean again over the week-end when they came away from Winters last Friday night with the long end of a 27 to 14 score. Except for the 7 to 7 tie with Spur in the second game of the season, the Pipers have a perfect slate, and are in second position in the conference standings.

Hamlin scored first in the Winters tilt when Fullback Jimmy Bryson ran 42 yards for a touchdown, and Lanier Foster converted the extra point.

Again in the first period the Pied Pipers connected with their passing game. Quarterback Bill Murff sailing a pass to Virgil Wilson, who went over on a 34-yard trapeze. Foster again converted.

The Blizzards came back in the second quarter to score when Quarterback Jimmy Largent went over from the two-yard spot after

Fire Prevention Program Features Lions Luncheon

"The subject of fire prevention is uninteresting to most of us," declared Rev. Henry C. Adair, pastor of the Faith Methodist Church, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Speaking in the interest of fire prevention as part of the observance of Fire Prevention Week, the speaker revealed some startling figures on losses to lives and property to fires in this country.

"Every minute of every day and night for several decades somebody's house has been destroyed by fire in this country," Adair recounted. "Cigarettes, matches, kerosene, gasoline and other materials generally do not cause fires, but careless people who use them do," pointed out the minister. Last year 541 people lost their lives in Texas to fires, he said, but we are doing little to prevent this loss that amounts to more than those killed on our highways. We are alarmed at the highway deaths, he reminded.

Ed Branscum, Hamlin city fire marshal, presented a demonstration on dangers of common inflammables around the home.

Besides Adair and Branscum, other guests at the Tuesday club meeting were Jimmy Simmons and John R. Brown Sr.

Second Week of Big State Fair of Texas Gets Going Saturday

Second big week of the 1957 State Fair of Texas gets underway Saturday, October 12, with the hullabaloo of the big Texas-Oklahoma football game in the Cotton Bowl. Scores of Hamlin area people will be among attendants.

And Sunday, October 13, at 7:00 p. m. in the Cotton Bowl, another big fair event will take place. It will be the Pat Boone show, starring the youthful singer who has become America's top singing sensation.

Daily performances of the Broadway musical, "My Fair Lady," Ice Capades and the Aut Swenson Thrillcade will be presented through the week, along with free performances of the Aztec-Mayan spectacular and numerous other free attractions.

The fair runs through Sunday night, October 20.

Openings for Young Men Announced in Law Enforcement

Examinations for hundreds of young Texans who are seeking promising futures in the field of law enforcement will be given in various cities throughout the state during October.

Colonel Homer Garrison, director of the Texas Department of Public Safety, has announced that an opportunity now exists for young men between the ages of 21 and 35 to join the ranks of the Texas DPS as law enforcement officers.

Qualifications necessary to apply for the positions include: A high school education or its equivalent; of good moral character; excellent physical condition; and a minimum of five feet, eight inches in height with weight proportionate.

For complete information about the examinations, new positions, training and benefits, Garrison asks that those who are interested write to Personnel and Training, Texas Department of Public Safety, Box 408, Austin, Texas.

.....Diary of a Dollar.....

IT has been a busy day. Early this morning I was swapped for some medicine for his baby by a fellow who got me in exchange for farm produce.

The druggist gave me to the boy who sweeps out for him, and the boy spent me to get his suit cleaned and pressed for the school dance tonight.

The cleaner took me and some of my brothers and paid his school taxes. I sojourned in the bank for a few minutes. Then a school teacher cashed her pay check and I started around town again.

Before the day ended I had changed hands 20 times, and had put \$20 worth of goods and service into people's hands . . . had accounted for \$20 worth of trade

in the community, and had been in one poker game. Not a bad day's work for one little old dollar.

I'd like to hang around this nice community for a while. But I wound up the day in the hands of a city-shopper. Tomorrow I'll be on my way to go to work for city folks. It seems that some people want to get us dollars out of their sight and reach, for fear we'll make their community a better place to live.

Eight New Students Enrolled Last Week At Primary School

Eight new pupils were enrolled in the primary grades at Hamlin Primary School last week, reports Mrs. Fred Smith, principal.

Enrolling in the third grade were Betty Marentes, Reuben Marentes, Joe and Ray Flores and Andre Martinez; and Henry Flores Nick Marentes and Ralph Martinez in the first grade.

Mrs. Williams' room, 1-A, won first prize of \$6 for the Parent-Teacher Association membership award. Mrs. Fred Smith's room, 2-C, won second prize of \$4.

Mrs. John Morton, in room 2-A, reports that only one word has been missed in her room in the first five weeks of school.

A very good attendance for the year has been recorded by all the rooms at Primary School.

Artificial teeth were considered quite fashionable by early Roman women.

Fairview Church Reenters Contest For Achievement

Members of the Fairview Baptist Church, seven miles southeast of Hamlin, met Wednesday night for a social and to make plans for the coming year in the contest for the rural church achievement program.

Eats were furnished by women of the church and were enjoyed by all. After the supper hour the social activities were led by Mrs. Elmer Joiner, followed by a business session.

The following chairmen were elected for the committees: Mrs. Elmer Joiner, general progress; Winston Gray, church improvement; W. W. Goodwin, working toward a better community.

Those attending were Mr. and Mrs. H. L. Ford and children, Mrs. Noble Watson and Peggy, M. E. Randolph and Sandra, Mr. and Mrs. Winston Gray and daughters, Mr. and Mrs. Joe Ford, Mr. and Mrs. John Beauchamp and Debra, Mrs. Elmer Joiner, Mr. and Mrs. W. W. Goodwin and Linda, Mrs. Charlotte Gabriel and daughters, Mr. and Mrs. Fred Rosenbaum.

"Our church got started late in this program last year and won in District 17, so by starting early this year we hope to really go places," said an official of the church.

Max Murrell Says Lack of Interest in West Point Shown

"There is much concern among those who know concerning the lack of interest of people in their West Point Military Academy," declared Max Murrell, young Hamlin businessman, when he spoke at last Wednesday's regular Rotary Club luncheon at the oil mill guest house.

Young Murrell, who is a graduate of the school, declared that it costs \$25,000,000 a year to operate West Point, and \$40,000 to graduate a cadet. "And all this is more impressive when it is recorded that 40 per cent of the graduates trained for military careers resign from the service within five years of graduation."

Besides young Murrell, other guests at Wednesday's luncheon included W. M. Blackburn of Stamford, Travis Klopman of Sweetwater, A. M. Yount of Abilene and Wendell Jackson of Dallas. Drum Major Joe Stephens of Hamlin High School Band, was recognized as Junior Rotarian for the month.

George E. Campbell was recognized as a new member of the club.

Hamlin Dentists Go To District Meeting at Abilene Saturday

Dr. Weldon E. Bell of Dallas was clinician for the quarterly meeting of the 17th District Dental Society Saturday in Abilene. His topic was "Dental Radiography."

Dr. Zane Jones of Sweetwater, district president, presided at the meeting. Special guests included Dr. J. Roscoe Tipton of Dallas, state president; Dr. R. D. Bridgeford of Colorado City, past state president; and Dr. C. J. Dods-worth of Bowie, Northwest region state vice president.

The woman's auxiliary also met during the afternoon. At 8:00 p. m. the two groups met at the Wooten Hotel for their quarterly banquet.

Dr. J. W. Young, Jr. of Sweetwater is district vice president, and Dr. R. O. Fuqua of Sweetwater is secretary-treasurer.

Dr. J. W. McCrary and Dr. William S. Seals of Hamlin attended the Abilene session.

Lubbock Pastor Leads Revival at Nazarene Church

Revival services which began Wednesday evening at the Church of the Nazarene in Hamlin will continue through Sunday, October 20, it is announced by the pastor, Rev. Bill Hanna.

Rev. Milton Poole, pastor of the First Church of the Nazarene in Lubbock, is guest evangelist. Special music is being provided by the local choir and musical groups along with Bro. Poole, who is an outstanding baritone soloist.

Tonight (Thursday) has been designated Sunday School Night, and it is planned that all classes will sit together with their teachers. Friday night has been set aside as Youth Night. Refreshments will be served in the annex following the service tomorrow night for all young people.

Special services for next week include Sunday School Night on Tuesday, Church Members' Night on Wednesday, Homecoming Night on Friday (this service at 6:30), and Youth Night on Saturday.

Services are scheduled to begin at 7:30 each evening. Pre-prayer services will be at 7:00 p. m. in the annex.

A special Sunday School drive is also to be conducted during the two Sundays of the meeting, says Hanna.

Mrs. Cordia Foster Dies at Abilene Saturday Morning

Mrs. Cordia Foster, 83-year-old former long time resident of Jones County and mother of a Hamlin woman, died unexpectedly Saturday morning in Hendrick Memorial Hospital in Abilene after a brief illness. She had been admitted about 30 minutes previously to the hospital.

A resident of Abilene since 1921 when she moved there from Anson, Mrs. Foster was the widow of J. F. Foster, a farmer who died in 1940.

Mrs. Foster was born January 4, 1874, at Wedowee, Alabama. She moved with her family at an early age to Bell County, Texas, later moving to Jones County. On July 31, 1898, she was married to Foster at Anson.

Funeral services were conducted Monday afternoon at Elliott's Funeral Chapel of Memories in Abilene with Rev. Roy Evans, pastor of the Glad Tidings Church of which she was a member, officiating. Burial was in the Bethel Cemetery at Anson.

Surviving the octogenarian are one son, Nick Ray Foster of Abilene; one step-son, W. C. Foster of Roswell, New Mexico; two daughters, Mrs. I. E. Cowley of Hamlin and Mrs. Gertrude Burks Lindsey of Ralls; one step-daughter, Mrs. Leon Johnson of Fort Worth; one brother, Albert Abbott of Anson; and one sister, Ophelia Allen of Silver City, New Mexico; five grandchildren, seven great-grandchildren and a number of nieces and nephews.

Crop Prospects in Santa Fe Region Are Late But Look Good

Crop prospects in the Hamlin territory and much of the rest of the area served by the Santa Fe Railway System, according to the monthly crop condition report issued by the railway. Portions of the report continue:

In much of the state showers during early September aided in growth of late sorghum and cotton acreage and enabled farmers to plant much of their intended wheat acreage. In all except the

High Plains, cotton and sorghums generally are nearing maturity with harvest underway. In the High Plains, cotton continues to be from 10 days to two weeks late, and the cool nights have slowed development of cotton and late sorghums in their race against time to mature before hit by killing frost. If frost holds off until the average first killing frost date or later, most of these crops will mature. With an average or later killing frost date, there is a possibility of Texas producing 200,000-300 bushels of sorghums.

HOW MUCH WOULD YOU CHARGE-

TO WASH THESE CLOTHES...?

TO BEAT THESE RUGS...?

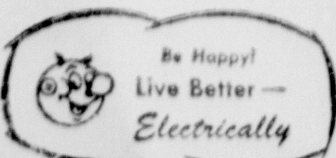

TO WASH THESE DISHES...?

Electricity does it for only a few cents!

Electricity is the biggest bargain in your budget—and even more of a bargain today than it was years ago—in fact in homes served by WTU, the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago. Your electric bill may be higher, but that is because electricity is so inexpensive you can afford to use much more of it these days. Don't you think so?

West Texas Utilities Company

A STAMFORD MAN was brought before Judge J. B. Eakin in justice court the other day and wanted to swear out a warrant for the arrest of an alleged offender.

The judge wanted some help in serving the warrant. "What does the man look like?" queried the judge. "Does he have a moustache?"

"Don't know," was the answer. "If he does, he keeps it shaved off."

H. C. (HANK) ADAIR, pastor of the Faith Methodist Church, found a peculiar relationship between observance of Fire Prevention Week and the ministry when he spoke on "Fire Prevention" at the Tuesday noon luncheon meeting of the Hamlin Lions Club at the oil mill guest house.

"I've been trying to preach fire prevention for several years in my ministry," wryly declared the young reverend, "that is, trying to keep folks away from the fires, of the abyss of hades."

He went on to admit that he was amazed at the figures on losses to human lives and property to fires—most of which can be prevented by people.

In just, he said the mention of fire reminded him of the two pigeons that were sailing along through the sky one day when a new jet propelled plane whizzed by the birds.

"Now that pigeon was really making time, wasn't he?" said one of the pigeons.

"You would be, too, if you had both your tails on fire," observed the second bird.

A HAMLIN FELLOW was retelling a yarn he heard several years ago, but it bears repeating in this great moral column:

Paying no attention to the red traffic light, the whizzing cars or the policeman's outraged whistle, the little old lady marched across the street. Brakes squealed, horns blasted and the cop strode angrily up to her.

"Say, lady," he growled, "didn't you see my hand raised? Don't you know what that means?"

"Well, I should hope I do," the lady snapped. "I've been teaching school for 25 years."

ONE PARTICULAR man of our town was evaluating the sexes the other day.

Men are more valuable than women, he declared. If you think that is nonsense, just remember that "every man has his price," but brides are given away.

A COLUMNIST in an exchange uses these barbs for interesting reading . . .

If some wives would cut out the penning and use a skillet hobbles would be happier.

More Homecoming Replies Pouring In

Replies to postal card invitations to the third annual homecoming for ex-students of Hamlin High School continue to come in to the HHS Ex-Student Association officers, indicating that many former students who have not attended previous homecomings will be on hand next week-end.

Association President Joe Ford and Secretary Joe Riddle declare that plans are shaping for entertaining more than 400 ex-students Friday and Saturday of next week.

A downtown headquarters for registration of homecomers and handling of information and other details of the gathering has been established in the former city hall building at the corner of South Central Avenue and Southwest Second Street. The headquarters is being maintained by members of the Hamlin Business and Professional Women's Club.

It will be open each day from 9:30 to 11:45 a. m. and 2:00 to 5:00 p. m. Refreshments will be served at the headquarters office on October 18 and 19. It is announced.

Ex-Student association officials again urge Hamlin community members to register for the homecoming at the headquarters before next Friday in order to avoid congestion when out-of-town attendants begin arriving.

As announced previously the homecoming activities will get underway Friday afternoon at 3:30 with registration at the high school. A football game between Hamlin and Albany will be the evening's feature at 8:30, with crowning of the Homecoming Queen between halves. Following the game a coffee will be staged at the high school gymnasium.

As part of the homecoming celebration, present high school students and their dates will be feted Friday night at a rally on the lawn of the First Baptist Church, across the street from the high school. Women of the church will be hostesses at the affair.

Saturday morning at 9:00 o'clock registration will continue at the school. At 10:00 o'clock business and class meetings will be conducted in the high school auditorium. A barbecue dinner will be served at 12:00 noon.

By DePriest School Classes Dismissed

Classes at DePriest Colored School were dismissed last Friday for four weeks to permit students to help with the cotton harvest, it was announced by Principal E. S. Morgan.

Class work will be resume on Monday, November 4. Morgan said. School work was started the first part of August this year to permit the recess period.

Firemen and Ladies from West Texas Meet Here Today for Convention

Despite threatening weather on Wednesday, plans were going ahead to entertain more than 300 firemen and their ladies from the West Texas region, meeting in semi-annual convention Thursday at Hamlin.

Martins. Gregorys Named Delegates To State FB Meet

Jones County Farm Bureau held its annual meeting Monday evening of last week in the Anson High School auditorium. Three outstanding Farm Bureau men, Billy Joe Gist, state director; Ed Cumbie, district field man; and Fernon Gayle, director of farm safety, were on hand at the meeting to highlight the program.

Five new directors were elected to the board for a term of two years. They are Audrey Hodnett and C. E. Gregory from Precinct 1; Harold McDuff from Precinct 2; Jack Morrow from Precinct 3; and Troy Sloan from Precinct 4.

Mr. and Mrs. K. G. Martin and Mr. and Mrs. C. E. Gregory were elected delegates to the state convention at Dallas November 17 to 20. They will carry the resolutions that were discussed and adopted at the annual meeting to the convention.

Five door prizes were given to the following attendants: W. A. Crumpler, junior mixer; Bill Pritchard, deep fryer; K. G. Martin, coffee maker; C. E. Gregory, electric skillet; and Evan Shuquist, Pride of Virginia bedspread.

The meeting was well attended and very informative on farm problems and legislation, say officials of the unit.

Decided Decline in Attendance at City Sunday Schools Felt

A decided drop in total attendance at Sunday Schools of the city was recorded Sunday in comparison with the previous week. The 1,249 total was 91 less than the previous Sunday but eight more than the year ago figure.

Attendance, by churches, for the 13 reporting Sunday Schools for October 6, September 29 and a year ago follows:

Churches—	Oct. 6	Sep. 29	Year Ago

Revaluation of Tax Property In County Seen as Necessary

Windbreak Trees for Farms Are Available

Windbreak trees for farm and municipal planting are available again this year from the Texas Forest Service, according to Bill Lehmberg, county agent, and Ray Walker, county agent in training.

Species available are Austrian pine, Chinese elm, Ponderosa pine and red cedar. Chinese elm are the best adapted to this area, but are subject to cotton root rot.

Orders must be for 100 or more and the cost is \$3 per 100. No less than 100 trees of one species may be ordered. Deadline for making application is October 15.

Shipping begins December 1 and ends April 1.

Further information can be obtained at the county agent's office.

Dauphin was a title given to the eldest son of a king of France.

Rev. Edmund W. Robb, pastor of the First Methodist Church, has been named speaker for the annual union Thanksgiving service sponsored by the Hamlin Ministerial Alliance. This service will be conducted at the First Baptist Church.

Securities Being Cashed to Meet Welfare Expense

Definite need for a revaluation of property values in Jones County is imminent, declare county officials, in order to meet the growing costs of government and other public expenditures.

Ima B. Dougherty, tax assessor-collector of Jones County, said this week that the county is operating "in the red" in the welfare department, as the taking care of the indigent in the three hospitals in the county was not cared for in the budget for the coming year.

Securities are being cashed out to take care of this expenditure, she declares, there being no fund of county monies from which to handle this new burden.

County property valuations for 1957 totaled \$26,868,890, reflecting a slight gain over the 1956 valuation total of \$26,814,960, according to tabulations made by Miss Dougherty. The tax charge for 1957 ad valorem taxes amounts to \$320,536.59 in comparison with the 1956 tax charge of \$327,078.84.

Miss Dougherty explains the difference in the tax charge as being that the \$15 per \$100 valuation for Road District No. 10 in the south part of the county was dropped. However, Road District No. 1 picked up in 1957 at seven cents on the \$100 valuation.

County and state tax collections for the first week in October of this year were \$11,362.23, compared with payments in 1956 for the same period of \$12,946.34.

A discount of three per cent is allowed on state and county taxes when paid in October; two per cent discount when paid in November; and one per cent when paid in December. Net payments are due in January, and penalty charges are made thereafter.

The same discounts are also applicable for City of Hamlin and Hamlin Independent School District taxes, declare the tax collectors for these two taxing units.

Incidentally, several neighboring counties, including Taylor and Nolan Counties, have been working for increased valuations for several months. These two counties named have hired property valuation firms to check each piece of property.

Junior High School Band Goes to Games

Mae Fullerton's Junior High School Band has been an appreciated asset at the Junior High football games this year. Band members are in the sixth and seventh grades, and number about 55.

The band is accompanying the team out-of-town to ball games for the first time this season. The band provides its share of a full evening of football entertainment at the Junior High games.

D. L. Bristow Dies at Anson Tuesday Night

As The Herald was preparing to go to press word came that D. L. Bristow, 83-year-old long time resident of the Hamlin community, a deacon in the First Baptist Church and well known in West Texas, died Tuesday evening at 7:00 o'clock at Anson. He suffered a heart attack shortly before.

Funeral services for the pioneer had not been set Wednesday, but probably will be sometime Thursday, it was announced.

The Great American Desert covers an area of 1,050,000 square miles.

Up to Four Inches Of Rain Falls in Hamlin Region

"When it rains it pours—and hails, too, in some sections of the Hamlin territory. At least that was the case Monday night when two inches of rain and considerable hail pelted the area.

Hail damage to crops, particularly the maturing cotton that has been looking so promising, was spotted, but severe in some regions. The rainfall measured from one to four inches. In Hamline the precipitation was tabbed by Bill Rountree, government rain gauger at the city pump station, at 2.03 inches.

Worst damage to the cotton crop was east and southeast of Hamlin, where as much as one-third of the cotton was destroyed.

The heaviest hail came in a strip about seven miles wide extending from the Dovie school house, five miles east of Hamlin, to Tuxedo, and reaching south for three or four miles. Ralph Riddle, farming six miles east of town, said he estimated that about 35 per cent of his cotton was destroyed.

The hail then lifted somewhat on its southerly path and struck again in the Plainview community, seven miles southeast of Hamlin, where damage again was estimated as much as 35 per cent.

Irby Weaver, farming in the Neinda community south of town, likewise reported damage up to 30 or 40 per cent to his cotton.

The rains were welcome, although they slowed cotton harvest for several days. Cotton pulling was just getting underway in full blast.

The 2.03-inch rainfall at Hamlin brought the year's total to 24.89 inches, a little above the normal for the year at Hamlin.

Neinda community received rain measuring from one and three-quarters to two and one-half inches. Ralph Riddle, east of town, said he got two inches. W. R. Townsend in the Hitson community, five miles west of Hamlin, reported 1.8 inches. The rainfall north of town near the Double Mountain Fork of the Brazos River measured up to four inches.

Methodist Pastor to Speak Thanksgiving

Rev. Edmund W. Robb, pastor of the First Methodist Church, has been named speaker for the annual union Thanksgiving service sponsored by the Hamlin Ministerial Alliance. This service will be conducted at the First Baptist Church.

Several others items of business were discussed at the regular monthly meeting of the alliance, held last week.

Rev. Bill Hanna, pastor of the Church of the Nazarene, was elected to take the place of Rev. Darns Egger as a member of the welfare committee along with W. C. Russell and Clarence Bailey.

Who's New This Week

Three new citizens have been recorded at Hamlin Memorial Hospital since last week's report in The Herald. A boy and two girls, they are:

A boy for Mr. and Mrs. J. D. Martin of Aspermont arrived on September 29. Weighing seven pounds five ounces, the young man has been assigned the name Lester Ray.

A girl for Mr. and Mrs. Earl Long was born October 3. After having her weight checked at eight pounds 11 ounces she accepted the name Angela Narlene.

A girl for Mr. and Mrs. Paul Ray Cook arrived October 2. She will be known as Vicki Denise. She balanced the scales at six pounds six ounces.

OIL INDUSTRY MEANS MUCH TO HAMLIN AREA

Hamlin community owes much of its economic stability through the past several years to the oil industry. In fact, it has meant bread and butter to scores of residents of the community—land owners, producers, drillers, well servicing concerns, gathering system and pipeline employees.

The simple phrase "Fill 'er up, please" has become an accepted part of the American way of life. But backing up the men who service the request to "Fill 'er up" is a fascinating industry of some 1,600,000 men and women, working at more than 2,000 different trades, crafts, skills and professions—the huge American oil industry.

Next week has been designated by the men and women of the oil business as Oil Progress Week. They define it as "that period of the year when the oil industry reports to the nation."

Without doubt, there is a great deal to report. The contributions made by the petroleum industry to almost every phase of American life are nothing short of astounding. We not only owe our mobility to petroleum, in the form of gasoline and lubricants, we also are indebted for such contributions as cosmetics, plastics, fertilizers, insecticides and a host of other products—some 2,400 in all—covering every activity from aviation to zoology. Even the new synthetic fibers—dacron, orlon, etc.—are derived from oil.

When America's first well was drilled, back in 1859, we were a third rate power, a horse-and-buggy nation, with most of our energy furnished by men, animals and crude machines run by steam.

Today we are an acknowledged world power, and most of the energy we use comes from petroleum or petroleum products. After World War I, Lord Curzon said the Allies had floated to victory on a sea of oil. After World War II, Admiral Nimitz said we had won it with "oil, bullets and beans." More recently the industry again displayed its preparedness—and patriotism—when it went all out to supply Europe's oil needs, in addition to domestic demand, after immobilization of the Suez Canal.

On its record, the oil business merits tribute. And so, this Oil Progress Week, we join the rest of the nation in a salute to the American petroleum industry—to its people, its products and its progress.

Small Businesses Are Vital

More than 2,300 small business enterprises have gone under in Texas during the last three years, according to Senator Lyndon B. Johnson, and such establishments failed at the rate of 41 per month in the first six months of 1957. In the nation 10,000 small businesses have gone bankrupt so far this year, Senator Johnson stated.

The national weekly average of business failures has increased to 272. That is far above the average of any year since World War II. Week after week, the largest percentage of bankruptcies is reported among companies with liabilities of between \$5,000 and \$10,000. These are small firms by any standard of measurement.

Unless we can halt this trend and reverse it, we are going to be in serious trouble.

Senator Johnson pointed out that the Senate small business committee is holding hearings over the country while Congress is in recess in an effort to develop legislation that will give tax relief to small business. A hearing is scheduled in Dallas in December.

"The president did not send Congress a bill providing tax relief for small business during this year's session," Johnson said. "Members of the majority party in Congress introduced several bills along this line, but the secretary of the treasury testified against each of them. The result was no tax relief for small business."

Words of Wisdom

Law.—Let reverence for the law be breathed by every mother to the lisping babe that prattles on her lap; let it be taught in schools, seminaries and colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpits and proclaimed in legislative halls and enforced in courts of justice.—Abraham Lincoln.

Contentment.—True contentment depends not upon what we have. A tub was large enough for Diogenes, but a world was too little for Alexander.—Colton.

Discretion.—Open your purse and your mouth cautiously; and your stock of wealth and reputation shall, at least in repute, be great.—Zimmerman.

Friends Are Best Asset

Life is a continuous struggle for our basic needs—food, clothing, shelter, self-preservation and the perpetuation of our family tree. We seek conditions about us, for example, our home, our job and our status in the community, that contribute to our pride and self-esteem.

But there is one more human desire that needs no explanation in its relation to our cosmic urge. That is the eternal quest for fraternal love and friendship. We do not mean business friends and financial success—Mr. Carnegie gives you a master's degree for that. In his text, "How to Win Friends," etc. or you can study the biographies of the captains of industry and political tycoons. We want friends who permit us to rise above our limitations, and "who know all about us and like us the same." True friends are the realization of all of our best thoughts about all humanity.

We choose our friends for loyalty, sincerity, courtesy and ambition; men who have "their eyes on the stars and their feet on the ground."

RECALLING

Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper The Herald.

TWENTY YEARS AGO.

Goings-on in the Hamlin community 20 years ago are reflected in the following news briefs, re-produced from the issue of The Hamlin Herald dated October 8, 1937:

Harley Sadler, famous West Texas showman, will bring his theater group to Hamlin Friday and Saturday nights for two performances under auspices of the Hamlin Fire Department.

A membership drive is being conducted for the Hamlin Parent-Teacher Association under the direction of the president, Mrs. Q. Martin.

Mrs. J. D. Greenway and son, Larry Don, left Tuesday for their home at Pecos after spending two week here with relatives and friends.

Mr. and Mrs. Marcus Witt of Lubbock spent the past week-end in the home of their son, I. R. Witt, and family.

Mattie Lee McCracken and Delbert Rountree were united in marriage September 19.

Hamlin High School Pled Pipers and the Aspermont High School Hornets engaged in a scoreless tie football game Friday night.

"You Can't Have Everything" is featured at the Ferguson Theater in which Don Ameche and Alice Faye are starred.

FIVE YEARS AGO.

Local happenings in the Hamlin territory five years ago included the following condensed from the issue of The Hamlin Herald dated October 10, 1952:

Paul Bryan, veteran lumberman at Hamlin, sustained a broken shoulder Saturday afternoon in the upset of his pick-up near Breckenridge as he and his wife were going on a fishing trip to Possum Kingdom Lake.

Hamlin area people were given a taste of winter Tuesday night when the temperature skidded below freezing long enough to form a little ice around about. The cold blast came as a surprise to residents.

Second major fire of 1952 Saturday destroyed the residence of Ernest Watson in North Hamlin. Loss was placed at about \$4,000.

ONE YEAR AGO.

Of interest in the Hamlin community a year ago were the news briefs below, reprinted from the issue of The Hamlin Herald dated October 11, 1956:

Jimmy Kidd, 1948 graduate of Hamlin High School and principal of Morton High School, will be principal speaker at the second annual HHS homecoming this week-end.

Bids are being called for oil leases of the city property at the South Lake, according to members of the City Council. No plans are being made to hire another city engineer to succeed John Lea, who resigned recently.

Dr. Will C. House, former pastor, will be featured speaker at the fiftieth anniversary celebration of the First Methodist Church Sunday morning.

Weaker Market Prevails During Week For Most Livestock, Writes Gouldy

Grain fed steers and yearlings were again very slow, and bids 50 cents or more lower prevailed on most of the fed steers, declares Ted Gouldy, special market reporter for The Herald, in his weekly market summary for this week. His release continues:

Feeder cattle shared the slow and weak market with the finished cattle.

Thin stockers were steady, and the cow trade was active and fully steady to strong. Bulls ruled steady to weak. Slaughter calves were generally steady.

Comparative prices included: Good and choice fed steers and yearlings, \$18 to \$22.50, and medium and lower grades, \$13 to \$18. Fat cows netted \$13.50 to \$15.50, and canners and cutters drew \$8.50 to \$13.50. Bulls mostly were cashed at \$11 to \$16.

Good and choice slaughter calves brought \$18 to \$20, a few baby beef heavyweights to \$21 and better. Common and medium butcher sorts cashed at \$13 to \$17.50, and culls \$10 to \$13. Stocker steer calves of good choice grades brought \$19 to \$23.75, and heifer calves drew \$21 down. Stocker steer yearlings cashed at \$20.50 down, and feeder steers cashed at \$18.50 downward. Replacement cows ranged from \$12 to \$14.50.

Western sources are blaming the higher support prices on feed grains, and especially the \$1.10 support level on corn produced by farmers who did not comply with acreage allotments, with part of the break in feeder cattle prices in the past few weeks, according to word received at Fort Worth this week.

Their contention is that many of the non-compliers will not put corn in the loan and head South for the winter. On the theory that it will save work and be a better bet perhaps than feeding the corn to high priced feeder cattle.

Certainly feeder prices are at least \$2 lower than they were four or five weeks ago, however, most observers here are inclined to credit the sag in fat steer prices with the weakness in feeder cattle prices.

Fed steers and feeder steers and yearlings are currently selling about in line with a year ago at Fort Worth. Other classes of cattle and calves enjoy a \$2 to \$5 spread above prices of a year ago at Fort Worth.

Top butcher hogs cashed at weak to 25 cents or more lower prices at Fort Worth Monday. Choice butcher hogs scored \$18.50 to \$18.75, and medium to good butchers sold at \$17 to \$18. Sows held steady at \$18 downward.

ON BEING DISCONTENT.

There are two kinds of discontent in this world—the discontent that wrings its hand, and the discontent that works. The first loses what it has, and the second gets what it wants.—Graham.

Tour of Knowledge Subject of Year Introduced at Fifty-Two Study Club

"Tour of Knowledge" was the subject for the program presented to the Fifty-Two Study Club by the yearbook committee, Mrs. Gene Westmoreland, Mrs. Fred B. Moore Jr. and Mrs. W. S. Seals, at the first meeting of the club year. The luncheon was held at the oil mill guest house at 12:30 noon Friday.

Plebian Class Group Gives Shower for Teacher at Meeting

Members of the Plebian Sunday School Class of the First Baptist Church recently held a short business session at the church with Mrs. Fred Young and Mrs. J. H. Hines as hostesses.

During the social hour the hostesses served home-made ice cream and cake. The teacher, Mrs. Tom Routh, was given a surprise miscellaneous shower of gifts for her new home.

The class group met with Mrs. Routh on October 3 and the new officers were installed by Mrs. James Fitzgerald in an impressive ceremony.

The following officers were installed: Mrs. Tom Routh, teacher; Mrs. J. H. Hines, assistant teacher; Mrs. S. C. Ballew, president; Mrs. C. L. Meyner, vice president; Mrs. R. C. Ritchey, secretary; Mrs. Elmer Brewer, assistant secretary; Mrs. D. A. Brown, Mrs. Charlie Sellers, Mrs. Fred Young and Mrs. Charlie Durham, group captains.

Refreshments of punch and cookies were served by the hostess to attendants.

Copperheads are the most widely distributed and in many places the most abundant of poisonous snakes in the United States.

Centerpiece for the luncheon table was a world globe with dolls of foreign nations and methods of travel—cars, boats and airplanes—around it, emphasizing the arm chair tour of knowledge. This was centered with a beautiful arrangement of floral, pink roses and queen's wreath and belia in brass container.

Mrs. Fred B. Moore Jr. gave the invocation. After the luncheon, Mrs. Noel Weaver gave the president's message. Mrs. Gene Westmoreland presented the new yearbooks to each member and asked each to introduce herself and tell something interesting that she did during the summer.

In a short business meeting Mrs. J. O. Murphree was elected reporter for the club.

Attendees included Mmes. Noel Weaver, Irby Weaver, Don Thompson, F. E. Bayouth, Jerald Young, Gene Westmoreland, Wilson Brannon, J. F. Cox, Gus Young, W. F. Ferguson, L. A. Joiner, Dale Lain, Neil Laminack, Joe League, Fred B. Moore Jr., Charles Newland, W. S. Seals, Cecil Sellers, B. O. Bell and Dean Witt.

James Lain to Wed Sipe Springs Girl

Mr. and Mrs. W. W. Jackson of Sipe Springs announce the engagement and approaching marriage of their daughter, Janis, to James Lain of Odessa, son of Mr. and Mrs. J. C. Lain of Hamlin.

The wedding will be performed at the Sipe Springs Baptist Church on Sunday, October 20, at 4:00 p. m.

Young Lain is a graduate of Hamlin High School and Tarleton State College at Stephenville. He is employed by an oil company at Odessa, where the newlyweds will make their home.

Enlistment Program Features Meeting of First Baptist WMS

Members of the Woman's Missionary Society of the First Baptist Church met Monday afternoon at the church for a business session and for a program on "Enlistment."

The business meeting was conducted by the president, Mrs. Edgar Duncan. Reports of officers and committee chairmen were given. Plans for the month were presented and discussed. Devotional was given by Mrs. George T. Campbell. Mrs. Edgar Lewis gave a talk on enlisting others in the work of the WMS. She emphasized the opportunities one has in the WMS, as follows: To obey Christ's commission; to pray unitedly; to study mission fields; to help save the world; to give according to ability; to enjoy Christian fellowship; to do community missions; to share in Christ's presence.

Those attending the meeting were Mmes. Leon Moroe, Edgar Duncan, L. B. Shelburne, J. O. Murphree, Edgar Lewis, A. H. Trotter, Bill Shira, L. A. Joiner, Tate May, Cecil Sellers, R. C. Beta Theta Members Stage Crazy Hat Show at Recent Party

Members of the Beta Theta chapter of Beta Sigma Phi were shown the latest creations in "crazy hat" styles at a party held in the home of Mrs. Billy Joe Wilson.

All members and guests wore their own hat creations, some of which included bread baskets, kitchen pans and an Easter basket.

Mrs. Neil Laminack, with her hat of an upside-down clay flower pot, complete with flowers on top, won the prize for the most original creation.

Mrs. Billy Jo Wilson, hostess, gave the program on the origin and work of Beta Sigma Phi Sorority.

A fried chicken dinner with cherry pie a la mode was served to the following: Mmes. Arlie Cassie, H. L. Mehaffey, Max Murrell, Neil Laminack, R. L. McClung, L. C. Bonds, Mac Fullerton, Duane Stallcup, D. C. Andrews, Jimmy Vaughan, Edgar Boaz, Bill Foster, Dudley Griggs, Earl Smith and the hostess.

The social period featured the game of charades.

New Officers Take Over at Meeting of First Baptist YWA

New officers for the coming church year were in charge when members of the Young Woman's Auxiliary of the First Baptist Church met in the home of Gwendolyn Brown.

The officers are: Gerry Rumfield, president; Barbara Waldon, vice president; Gloria Rodgers, secretary; Gwendolyn Brown, program chairman; Carol Jo Simpson, assistant program chairman.

Gwendolyn Brown, the program chairman, conducted the program entitled "Id Rather Be a Doorstep."

Attendees were Gerry Rumfield, Barbara Waldon, Brenda Hargrove, Glenda Hill and Gloria Rodgers; and Mrs. Kenneth Riddle and Mrs. LaFoy Patterson, counselors.

Reba Roland Pledged To Sorority at NTSC

Reba Roland of Hamlin has been named to pledge Delta Gamma, national social sorority, for the fall semester at North Texas State College in Denton.

The daughter of Mayor and Mrs. O. D. Roland, Miss Roland is a sophomore business administration major.

Food Leaders of County Clubs Attend Training Meeting

Twenty-four food leaders attended a training meeting on "Table Arrangement" in the home demonstration agent's office Wednesday afternoon at Anson. Mary Newberry, the agent, discussed different table arrangements, table coverings and table decorations, as well as general rules for serving and table etiquette. She showed how to set the table properly. Slide films from "The Family Entertains" were shown.

A tea table was arranged and refreshments were served to the following women who attended the demonstration: Mmes. I. B. Ray, J. W. Osment, Roy Williams, E. B. Littlefield, L. R. Faulkenberry, Sam Hodges, J. H. F. Jones, J. E. Hudson, Howard Roberts, George Pearce, Toff Herndon, Jennings Winter, Cal McAninch, Carlton Strand, Hugh Taylor, C. H. Watts, L. H. Strand, Charlie Myatt, J. E. Touchstone, Maxey Harvey, Gean Witt, M. S. Johnston, Bill Allen and W. J. Little.

Zuna Camp Fire Girl Group Has Busy Time in September

September activities for the Zuna group of Camp Fire Girls included three gatherings.

At the first meeting on September 12 in a business session the following officers were elected: Joyce Smith, president; Mary Fitzgerald, vice president; Kay McCoy, secretary; Sue Johnson, reporter. A new member, Joyce Smith, was recorded at this meeting.

On September 19 Mrs. A. J. Hallmark, the associate leader, showed the girls interesting experiments on which the members will get beads.

On September 26 the girls went to the park, where leaders showed them how to start five different kinds of fires. The Camp Fire Girls enjoyed toasted marshmallows as a climax of the meeting.

DOING IMPOSSIBLE.

Vivian was learning to swim, and, of course, was cautioned to stay in shallow water. She was told that Florence Chadwick had swum the English Channel, and this was her report: "How could she? It must be over her head."

Mental Health Topic At Dinner Meeting of Hamlin B&PW Club

A Halloween motif was used in table decorations for the regular dinner meeting of the Hamlin Business and Professional Women's Club Tuesday evening at the Primary School cafeteria.

Mrs. Joe Stephens, guest speaker, talked on "Mental Health." She pointed out that mental health is the responsibility of the church, school and community. Every disease but mental health has an organized national drive to secure funds for research, aid and public clinics, Mrs. Stephens declared.

Entertainment was a skit by Mrs. Leona Brown featuring members of the club.

Plans were made for a homecoming center downtown to be sponsored by the B&PW Club.

Guests for the evening were Mrs. Faye Dean, Mrs. Charles Wade and two senior girls of the month, Dolores Carter and Joyce Hines.

Responsible for the evening's program and decorations were Mrs. Leona Brown, Mrs. Nettie Hackley, Mrs. Ed Bailey, Viola Avants and Mrs. Arlene Drummond.

Wylie Baptist Church Declared Area Winner in Achievement Competition

Wylie Baptist Church has been named winner of the District 17 Town and Country Achievement Award sponsored by the Baptist General Convention of Texas. The Fairview Baptist Church, seven miles southeast of Hamlin, also was an entry in the contest.

District Missions Secretary Lawrence L. Trott of Abilene said the teaching and evangelism ministries of the church were primary considerations of the judges. Sunday School enrollment increased by nearly 25 per cent and attendance by nearly 15 per cent. Members of the church earned more than 200 Southern Baptist Convention training awards during the year.

Two revival campaigns were conducted, one a combined fall revival and youth revival. Baptisms increased by nearly 25 per cent over the previous year, additions to the church by 15 per cent.

District 17 includes seven associations, 16 churches, 14 missions and 53,875 members. The district's 11-county area extends from Knox City on the north to Tuscola on the south, and from Roscoe on the west to Ranger on the east.

It is one of 17 geographical areas in which the BGTC promotes the achievement program each year. The winning pastor in each district receives a parchment scroll, the church a metal plaque which may be displayed in a prominent position outside the building.

One church and pastor will be recognized as state-wide winners during Texas Baptists' annual convention November 5-7 in Fort Worth.

Pastor Berl Cavin said the church majored on evangelism.

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending September 28, 1957, were 22,480 compared with 25,969 for the same week in 1956, reflecting a decided decline from a year ago. Cars received from connections totaled 11,565 compared with 13,763 for the same week in 1956. Total cars moved were 34,045 compared with 39,732 for the same week in 1956. Santa Fe handled a total of 34,712 cars in the preceding week this year.

training and missionary activities during the achievement program. In addition to giving 12 per cent of the church budget to missions through the Texas Baptist cooperative program, the church gave more than \$1,400 in special offerings for foreign and state missions.

Divided into three categories, the achievement program is judged on projects designed to build a better church, community and world.

Church improvement projects included the building of parking lots, classroom tables, improving nursery facilities and air conditioning and painting the educational building and parsonage.

Rev. Cavin said the church showed an 85 per cent attendance at worship services Sunday morning after the church school, and 98 per cent of the membership in training union stayed for the evening worship services.

Men of the Brotherhood organization sponsored family nights twice during the year and conducted several work nights to help in improving church facilities.

In addition to directing the increased missions giving of the church, the Woman's Missionary Union conducted a community missions program and sponsored a youth sweetheart banquet.

Mrs. Lowell Evans served as chairman of the community improvement committee. Projects included the "mother's march on polio," community clean-up campaigns, a fund raising campaign to fight cancer, offering the church for high school use and collecting used clothing for needy families.

Lem Ray, chairman of the world betterment projects, helped plan the missions program, obtained special missions speakers, planned educational programs on race relations and conducted an alcohol education week.

The committee provided transportation for boys from Abilene Boys' Ranch to attend church services.

Other projects of the church included a special offering to help repair flood damage at the Lueders Baptist Encampment, sponsoring a community-wide vacation Bible school and installing church identification signs.

Purpose of the town and country achievement programs is to stimulate interest in town and country church work, to recognize outstanding achievements by pastors and churches, and to help Texas Baptists realize their responsibilities to their local community and world.

When Dennis and Murphy drifted into the big city, they came to share the same room. Dennis knew that, somewhere back home, Murphy had a wife, but his friend seldom mentioned her.

One day Murphy received a letter and Dennis inquired: "Who's it from?"

"From my wife," Murphy replied.

"But, Murphy," Dennis protested as he watched his friend draw a perfectly blank sheet of paper from the envelope, "there's nothing written there."

"Oh know," Murphy replied, "Me and the missus ain't speakin'."

Chickens Top List of Plentiful Foods for Month of October

The crisp fall evenings are hard to beat so far as the choice of seasons for an outdoor meal is concerned. Outdoor chefs will find one of their favorites, broiling and frying chickens, heading the list of plentiful foods for October.

The U. S. Department of Agriculture's Marketing Service reports that industry and government will cooperate during October to promote the sale of broilers and fryer as well as cheese and dry peas. These foods headline the October list of plentiful foods.

Canned and frozen peas are also expected to be in ample supply as are apples, potatoes, onions, peanuts and peanut butter.

Some 9,500,000 Chinese died from famine in the year 1877-78.

State Capitol NEWS

By Vern Sanford, Manager, Texas Press Association.

Austin—Governor Price Daniel apparently is going all out to get the balance of his 1957-58 program adopted into law.

Special legislative session begins October 14.

In recent speeches over the state Daniel has plugged for lobby control and a crime commission. More talks were scheduled—one on water conservation in San Antonio and another in Liberty.

In addition, the governor has made some outspoken statements on federal-state relationships. Excerpts from his busy round:

Crime.—Present criminal code, says the governor, "is so antiquated that it protects the convicted criminal more than it protects the public."

He asked for a state law enforcement study commission that would make recommendations to the next regular Legislature on how crime and highway accidents can be reduced.

Texas crime rate is rising faster than its population, 46 per cent by juveniles, said Daniel. (A recent FBI survey showed that during the first half of 1957 Texas has had an increase, up to nearly 10 per cent over 1956, in every type of major crime.)

Lobby Control.—Opponents of this bill are trying to "picture it as a struggle between business and labor," said the governor.

"This is ridiculous... the bill would require registration of those employed by both labor and industry to influence legislation."

"Vast majority of Austin lobbyists are legitimate operators who identify themselves and honestly perform their work. They have nothing to fear from this bill."

Opponents of the bill, said Daniel, are "modern day carpet-baggers who hide their identity and improper expenditures."

Federal School Aid.—"Full responsibility for the operation and financing of public schools should be exercised by the states and their political subdivisions."

Governor Daniel sent a resolution to this effect to the Federal State Action Committee meeting in Chicago.

"With federal dollars comes federal controls," commented Daniel. As a single exception, Daniel favored federal aid for schools with a heavy enrollment from U. S. military installations.

Little Rock Controversy.—Governor Daniel suggested that both President Eisenhower and Arkansas Governor Orval Faubus had fumbled in handling the school integration problems there. Neither, he said, had "exhausted every means at their command" to avoid a violent showdown.

"Of course, here in Texas," said the governor, "we would have sent a couple of Texas Rangers to handle the situation."

Bright Future.—Texans can look forward to more money, but a little less elbow room in the next few years.

So says U. S. Senator Lyndon Johnson in predicting a population of 12,000,000 for the state by 1975 with a total personal income of \$24,000,000,000. This compares with a \$9,000,000,000 income for some 9,500,000 people in the past few years.

Senator Johnson forecasts a 1975 farm output of \$2,900,000,000 up a billion from now, and factory production worth \$8,600,000,000, nearly three times present production.

But, said Johnson, we cannot operate a \$24,000,000,000 state on the basis of our present water use. The rose prospects for the future will quickly banish unless we act to control our water resources."

"Texas," he said, "is a growing giant wearing last year's shirt. It's going to strangle, he said, unless there is quick action."

Weather Toll.—Cost of Texas' natural disasters in 1957 would be \$12 for every man, woman and child in the state.

Latest Defense Department reports put the year's toll from tornadoes, floods, blizzards and Hurricane Audrey at 61 dead, 608 injured and \$100,000,000 in property damage.

Once again, said Department Director William L. McGill, Texas holds the "dubious distinction of being first in the nation in major disasters."

TB in Texas.—Startling facts revealed about tuberculosis in Texas came from Dr. Patrick McShane, head of the state's TB hospitals.

In a twin-panel session composed of newsmen and doctors, Dr. McShane reported that 22,000 Texans have active tuberculosis. One out of three persons has TB germs in his body.

"Texas spends \$6 per patient per day on its TB hospitals," Dr. McShane added. "And we rank in the bottom fourth on what is spent in trying to get them well."

School Panel Named.—Way is clear for a new study on needs of the public school system. Six appointments by Governor Price Daniel completed membership of a new commission created by the last Legislature to do the job.

Daniel's appointees: Dr. J. W. Edgar, commissioner of education; Dana Williams, Gladewater superintendent and president of the Texas State Teachers Association; Ed Ray, executive editor of The San Antonio Express and Evening News; Mrs. L. E. Dudley of Abilene; M. K. Jackson of Gates-

KERRY DRAKE

vile; and Felix Tijerina of Houston.

Six appointments each were made earlier by the speaker of the House, the lieutenant governor and the department of education.

Business Year Uncertain.—Despite its present high level, Texas business faces uncertainties in ending the year.

There is little evidence pointing to any substantial rise, observes Dr. John R. Stockton, director of the University of Texas Bureau of Business Research.

Causes for concern: Softening of the building outlook, slackened expenditures by the federal government and business concerns. Bright hopes: Expanding expenditures by state and local governments, high level consumer spending, continuing population increases.

Short Shorts.—House Speaker Waggoner Carr is entitled to use capitol quarters for office space. Attorney General Will Wilson has held in an opinion requested by the state comptroller. Salary for a secretary and expenses for sta-

tionary, supplies, telephone and telegraph also were approved. John H. Hargrove has been appointed chief of the staff services division of the state insurance department by Commissioner William A. Harrison. Hargrove was formerly with the Texas Research League.

SERIOUS CHARGE.

Officer—"I ketched this here guy pinchin' bananas off a fruit stand."

Judge—"Ah! Impersonating an officer! Two years. Next case."

Ossie Whitley with Army Unit in France

Army Private First Class Ossie D. Whitley, son of Mr. and Mrs. James Whitley of Route 3, Hamlin, recently arrived in Captieux, France, and is now a member of the 7832nd Army Unit, according to a release to The Herald from the French base.

Whitley, assigned to the unit's Detachment A, entered the Army in March, 1957, and was last stationed at Fort Bliss, Texas.

The 26-year-old soldier is a 1948 graduate of Rotan High School.

Pied Pipers Have Open Date This Week on Grid Schedule

Albany Is Next On Grid Schedule At Homecoming

Bench-warming will be the principal vocation of the Hamlin High School Pied Pipers this week as Coach D. C. Andrews' crew wait out an open date. It will be the first open date of any team in the District 4-AA schedule, except for the Seymour-Childress game that was called off last Friday night on account of the flu.

Andrews says his boys are in good shape considering their five games played this season. Only minor injuries have plagued the squad so far this year.

After the Winters Blizzards last Friday night bowed to the Pied Pipers for the first time in five years, the Hamlin boys are feeling good about their record for the five games, which is marred only by the 7 to 7 tie sustained when they met the Spur Bulldogs in the second tilt of the year.

Next game on the schedule of the Pied Pipers is the tilt with the strong Class A Albany crew when the Shackelford County boys come to the Pied Piper stadium to help ex-students of HHS celebrate their third annual homecoming.

Albany has a fast team that will not be a push-over for the Pipers. In fact, they have defeated Olney and Winters in two upsets this year.

ODDS ON HIS SIDE

The every-day Christian has a seven-to-one chance over the Sunday practitioner.

DISTRICT 4-AA STANDINGS

Seymour clung to a perfect record over the week-end by having its Childress game canceled because of a flu epidemic, and Hamlin remained in second spot in the District 4-AA standings after five tilts have been reeled off.

Standings after last Friday night's encounters looked like this for district teams:

Teams	P.	W.	L.	T.	Pct.
Seymour	4	4	0	0	1.000
Hamlin	5	4	0	1	.900
Stamford	5	4	1	0	.800
Anson	5	3	1	1	.700
Haskell	5	2	3	0	.400

Results Last Week

Coleman 26, Haskell 7.
Hamlin 27, Winters 14.
Anson 21, Merkel 0.
Stamford 13, Brady 7.
Seymour-Childress, cancelled.
Where They Play Friday:
Anson at Albany.
Cisco at Haskell.
Dumas at Seymour.
Stamford at Brownwood.
Hamlin—Open date.

Grid Film to Be Shown Monday to Boosters

Pied Piper Booster Club will host a special meeting Monday evening at 8:00 o'clock in the Hamlin High School gymnasium for football players and fans. The public is urged to attend, especially parents of the football players, according to Curly Haynes, president of the booster group.

Members of the A and B football teams of HHS will be special guests at the gathering. Humble Oil Company will furnish a colored

Hamlin B String Defeats Haskell By 21 to 12 Count

Hamlin High School's B team of gridders maintained their good record Thursday night when they hopped the Haskell Juniors by a 21 to 12 count on the Haskell gridiron. They have lost only one game this year—that to a stronger Abilene High School sophomore group in the second tilt.

Coach Neil Laminack says his boys are working hard and showing good football tactics.

In the first half of the Haskell tilt the B boys played heads-up football, pushing over two touchdowns. Michael Bonds, who accounted for all three of the Hamlin touchdowns, traped across the double stripe in the first quarter on a 25-yard quarterback keeper play.

Again in the second period Bonds used the same play to tally from 15 yards out.

In the first half of the game the Hamlin defense was going through the Haskell line and throwing them for losses nearly every play. In the second half the Hamlin boys went to sleep and Haskell pushed over two touchdowns in a row.

About a minute before the game was over Bonds again repeated his keeper play and went over from seven yards.

Besides Bonds, other outstanding players for Hamlin were Durewood Boyd, Wesley Cummings and Sam Mack Hodges.

Film, "Highlights of the 1936 Southwest Conference," for showing at the get-together.

Junior High Keeps Record Clean with Anson Win 33 to 18

Harry Martin's Junior High School gridders showed considerable poise in turning back the lads from the county seat with a 33 to 18 shellacking last Tuesday night.

Hamlin received the opening kick-off and marched for the first score. Babe Shields dashed 40 yards for the touchdown, with Bill Richey plunging for the extra point.

Anson received the kick-off and tallied three plays later when Philip Risor circled his left end for 40 yards and a touchdown. Anson failed in its plunge for the extra point. The first quarter ended with the score Hamlin 7, Anson 6.

Hamlin scored early in the second quarter on a pass from Wayne Baize to Babe Shields, with Halfback Frankie Lee plunging for the extra point.

A few minutes later Hamlin had Anson deep in their own territory. Stanley Austin recovered an Anson fumble behind their own goal line for a Hamlin tally. Frankie Lee was stopped short of the goal line on the extra point attempt. The half ended with Hamlin leading a comfortable 20 to 6 lead.

Babe Shields tallied another touchdown in the third quarter on an end run. Try for extra point failed.

Anson got back in the ball game when an Anson lad intercepted a stray aerial and raced 20 yards for the second Anson score. The third quarter ended with Hamlin leading 26 to 12.

Anson scored midway in the fourth period when a hand-off from another Anson back on a punt recovery resulted in a touchdown down the west sideline for Anson's final score.

Hamlin received the following kick-off and moved the ball for the last score. Frankie Lee turned in the best run of the drive on an end sweep. Bill Richey swept right end for the six-pointer, and Frankie Lee plunged the right side for the extra point.

Stand-out performances for Hamlin were the smooth quarterbacking of Wayne Baize, the outstanding blocking of Frankie Lee, and the excellent running of Bill Richey and Babe Shields. Standing out for linemen were Jerry Smith, Stanley Austin and Jerry Duncan.

Hamlin Defeats Winters 27 to 14 in Friday Encounter

Hamlin High School's football crew kept their loss record clean again over the week-end when they came away from Winters last Friday night with the long end of a 27 to 14 score. Except for the 7 to 7 tie with Spur in the second game of the season, the Pipers have a perfect slate, and are in second position in the conference standings.

Hamlin scored first in the Winters tilt when Fullback Jimmy Bryson ran 42 yards for a touchdown, and Lanier Foster converted the extra point.

Again in the first period the Pied Pipers connected with their passing game. Quarterback Bill Murff sailing a pass to Virgil Wilson, who went over on a 34-yard trapeze. Foster again converted.

The Blizzards came back in the second quarter to score when Quarterback Jimmy Largent went over from the two-yard spot after

Teams of District 4-AA Continue to Fatten Percentages with Four Wins

Football teams of District 4-AA continued to improve their pre-conference standings last week-end by winning three games and losing one, while the fifth member, Seymour, had its game with Childress cancelled because of the flu epidemic.

State AA Champion Stamford further proved that it is still a strong contender for football honors in these parts by bopping the Brady crew 13 to 7; Coleman won over the Haskell Indians 26 to 7; Hamlin cooled off the Winters Blizzards with a 27 to 14 victory; and Anson tripped the Merkel Badgers 21 to 0.

Coleman's Bluecats, who last year were the Class 7-AA district champions, took a 26 to 7 decision over the strong Haskell Indians.

Charles Ewalt set the tally up on a 42-yard run to the Hamlin 18, and Fullback Fred Austin lugged the ball to the two.

Murff accounted for the third touchdown in the second period also with a seven-yard push and Foster again converted.

After the half Winters came back again to score after recovering a Hamlin fumble on the 15-yard location. Austin scored from the six and Young converted.

A spectacular 72-yard pass was racked up by Murff and Wilson in the third period in the feature play of the evening. The conversion try was no good.

dians, despite the fact the Haskell crew won the statistics bout. The Coleman eleven had the scoring punch at the right time. Haskell rolled up 13 first downs to 12 for Coleman, and made 239 yards in the rushing department to 200 for the Bluecats. Tommy Allsop, Jimmy Norris (two) and Larry Jennings scored for Coleman, while Wheatley accounted for the Indians' touchdown and extra point.

Hamlin's Pied Pipers kept their record clean Friday night by taking a 27 to 14 decision over the Winters Blizzards, although the statistics favored the Winters aggregation. Winters made 11 first downs to 10 for Hamlin, and rolled up 190 yards rushing to 165 for Hamlin; but the Pipers held the big edge in passing yardage, connecting with four of 11 passes for 146 yards, while Winters made 35 yards in the air on five of 20 aerial tries. Scoring for Hamlin were Virgil Wilson (two), Jimmy Bryson and Bill Murff.

By capitalizing on two blocked Merkel punts, the Anson Tigers breezed to a 21 to 0 victory over the District 6-A Badgers Friday night at Anson. Scoring first for Anson late in the second quarter was Wade Calhoun on a pass from David Propst, following a blocked Merkel punt. Again in the third quarter a Merkel punt was blocked and Propst scored from the one-yard spot. Calhoun scored

again in the third period on a 45-yard pass. Anson made 11 first downs to nine for Merkel.

Stamford continued to romp in the state AA championship glory last Friday by a 13 to 7 win over the strong Brady crew. Quarterback David Upshaw scored first for Stamford in the second quarter on a one-yard punch, and Don Davis ran over the extra point. David again scored in the third period on a 59-yard run. Brady

also scored in the third period when Halfback Charles Ortiz went around right end for the tally.

The Seymour-Childress game was called off Friday morning when several members of the Childress crew were reported out with the flu. Other outbreaks of the disease were reported in the school, and fear of spreading the ailment prompted the cancellation.

Fire Prevention Program Features Lions Luncheon

"The subject of fire prevention is uninteresting to most of us," declared Rev. Henry C. Adair, pastor of the Faith Methodist Church, when he spoke at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Speaking in the interest of fire prevention as part of the observance of Fire Prevention Week, the speaker revealed some startling figures on losses to lives and property to fires in this country.

"Every minute of every day and night for several decades somebody's house has been destroyed by fire in this country," Adair recounted. "Cigarettes, matches, kerosene, gasoline and other materials generally do not cause fires, but careless people who use them do," pointed out the minister. Last year 541 people lost their lives in Texas to fires, he said, but we are doing little to prevent this loss that amounts to more than those killed on our highways. We are alarmed at the highway deaths, he reminded.

Ed Branscum, Hamlin city fire marshal, presented a demonstration on dangers of common inflammables around the home.

Besides Adair and Branscum, other guests at the Tuesday club meeting were Jimmy Simmons and John R. Brown Sr.

Second Week of Big State Fair of Texas Gets Going Saturday

Second big week of the 1957 State Fair of Texas gets underway Saturday, October 12, with the hullabaloo of the big Texas-Oklahoma football game in the Cotton Bowl. Scores of Hamlin area people will be among attendants.

And Sunday, October 13, at 7:00 p. m. in the Cotton Bowl, another big fair event will take place. It will be the Pat Boone show, starring the youthful singer who has become America's top singing sensation.

Daily performances of the Broadway musical, "My Fair Lady," Ice Capades and the Aut Swenson Thrillcade will be presented through the week, along with free performances of the Aztec-Mayan spectacular and numerous other free attractions.

The fair runs through Sunday night, October 20.

Openings for Young Men Announced in Law Enforcement

Examinations for hundreds of young Texans who are seeking promising futures in the field of law enforcement will be given in various cities throughout the state during October.

Colonel Homer Garrison, director of the Texas Department of Public Safety, has announced that an opportunity now exists for young men between the ages of 21 and 35 to join the ranks of the Texas DPS as law enforcement officers.

Qualifications necessary to apply for the positions include: A high school education or its equivalent; of good moral character; excellent physical condition; and a minimum of five feet, eight inches in height with weight proportionate.

For complete information about the examinations, new positions, training and benefits, Garrison asks that those who are interested write to Personnel and Training, Texas Department of Public Safety, Box 408, Austin, Texas.

.....Diary of a Dollar.....

It has been a busy day. Early this morning I was swapped for some medicine for his baby by a fellow who got me in exchange for farm produce.

The druggist gave me to the boy who sweeps out for him, and the boy spent me to get his suit cleaned and pressed for the school dance tonight.

The cleaner took me and some of my brothers and paid his school taxes. I sojourned in the bank for a few minutes. Then a school teacher cashed her pay check and I started around town again.

Before the day ended I had changed hands 20 times, and had put \$20 worth of goods and service into people's hands . . . had accounted for \$20 worth of trade

in the community, and had been in one poker game! Not a bad day's work for one little old dollar.

I'd like to hang around this nice community for a while. But I wound up the day in the hands of a city-shopper. Tomorrow I'll be on my way to go to work for city folks. It seems that some people want to get us dollars out of their sight and reach, for fear we'll make their community a better place to live.

Eight New Students Enrolled Last Week At Primary School

Eight new pupils were enrolled in the primary grades at Hamlin Primary School last week, reports Mrs. Fred Smith, principal.

Enrolling in the third grade were Betty Marentes, Reuben Marentes, Joe and Ray Flores and Andre Martinez; and Henry Flores Nick Marentes and Ralph Martinez in the first grade.

Mrs. Williams' room, 1-A, won first prize of \$6 for the Parent-Teacher Association membership award. Mrs. Fred Smith's room, 2-C, won second prize of \$4.

Mrs. John Morton, in room 2-A, reports that only one word has been missed in her room in the first five weeks of school.

A very good attendance for the year has been recorded by all the rooms at Primary School.

Fairview Church Reenters Contest For Achievement

Members of the Fairview Baptist Church, seven miles southeast of Hamlin, met Wednesday night for a social and to make plans for the coming year in the contest for the rural church achievement program.

Eats were furnished by women of the church and were enjoyed by all. After the supper hour the social activities were led by Mrs. Elmer Joiner, followed by a business session.

The following chairmen were elected for the committees: Mrs. Elmer Joiner, general progress; Winston Gray, church improvement; W. W. Goodwin, working toward a better community.

Those attending were Mr. and Mrs. H. L. Ford and children, Mrs. Noble Watson and Peggy, M. E. Randolph and Sandra, Mr. and Mrs. John Beauchamp and Debra, Mrs. Elmer Joiner, Mr. and Mrs. W. W. Goodwin and Linda, Mrs. Charlotte Gabriel and daughters, Mr. and Mrs. Fred Rosenbaum.

"Our church got started late in this program last year and won in District 17, so by starting early this year we hope to really go places," said an official of the church.

ON-THE-SPOT BRIEFING—Neil E. McElroy, who will soon become Secretary of Defense, gets an on-the-spot briefing about the U. S. Air Force B-58 Hustler during a visit to the Convair plant at Fort Worth. With back to camera, explaining the workings of the faster-than-sound bomber, is B. A. Erickson, flight manager and chief test pilot at Convair.

Max Murrell Says Lack of Interest in West Point Shown

"There is much concern among those who know concerning the lack of interest of people in their West Point Military Academy," declared Max Murrell, young Hamlin businessman, when he spoke at last Wednesday's regular Rotary Club luncheon at the oil mill guest house.

Young Murrell, who is a graduate of the school, declared that it costs \$25,000,000 a year to operate West Point, and \$40,000 to graduate a cadet. "And all this is more impressive when it is recorded that 40 per cent of the graduates trained for military careers resign from the service within five years of graduation."

Besides young Murrell, other guests at Wednesday's luncheon included W. M. Blackburn of Stamford, Travis Klopman of Sweetwater, A. M. Youngblood of Abilene and Wendell Jackson of Dallas. Drum Major Joe Stephens of Hamlin High School Band, was recognized as Junior Rotarian for the month.

George E. Campbell was recognized as a new member of the club.

Hamlin Dentists Go To District Meeting at Abilene Saturday

Dr. Weldon E. Bell of Dallas was clinician for the quarterly meeting of the 17th District Dental Society Saturday in Abilene. His topic was "Dental Radiography."

Dr. Zane Jones of Sweetwater, district president, presided at the meeting. Special guests included Dr. J. Roscoe Tipton of Dallas, state president; Dr. R. D. Bridgeford of Colorado City, past state president; and Dr. C. J. Dods-worth of Bowie, Northwest regional state vice president.

The woman's auxiliary also met during the afternoon. At 8:00 p. m. the two groups met at the Wooten Hotel for their quarterly banquet.

Dr. J. W. Young Jr. of Sweetwater is district vice president, and Dr. R. O. Fuqua of Sweetwater is secretary-treasurer.

Dr. J. W. McCrary and Dr. William S. Seals of Hamlin attended the Abilene session.

Lubbock Pastor Leads Revival at Nazarene Church

Revival services which began Wednesday evening at the Church of the Nazarene in Hamlin will continue through Sunday, October 20, it is announced by the pastor, Rev. Bill Hanna.

Rev. Milton Poole, pastor of the First Church of the Nazarene in Lubbock, is guest evangelist. Special music is being provided by the local choir and musical groups along with Bro. Poole, who is an outstanding baritone soloist.

Tonight (Thursday) has been designated Sunday School Night, and it is planned that all classes will sit together with their teachers. Friday night has been set aside as Youth Night. Refreshments will be served in the annex following the service tomorrow night for all young people.

Special services for next week include Sunday School Night on Tuesday, Church Members' Night on Wednesday, Homecoming Night on Friday (this service at 6:30), and Youth Night on Saturday.

Services are scheduled to begin at 7:30 each evening. Pre-prayer services will be at 7:00 p. m. in the annex.

A special Sunday School drive is also to be conducted during the two Sundays of the meeting, says Hanna.

Mrs. Cordia Foster Dies at Abilene Saturday Morning

Mrs. Cordia Foster, 83-year-old former long time resident of Jones County and mother of a Hamlin woman, died unexpectedly Saturday morning in Hendrick Memorial Hospital in Abilene after a brief illness. She had been admitted about 30 minutes previously to the hospital.

A resident of Abilene since 1921 when she moved there from Anson, Mrs. Foster was the widow of J. F. Foster, a farmer who died in 1940.

Mrs. Foster was born January 4, 1874, at Wedowee, Alabama. She moved with her family at an early age to Bell County, Texas, later coming to Jones County. On July 31, 1898, she was married to Foster at Anson.

Funeral services were conducted Monday afternoon at Elliott's Funeral Chapel of Memories in Abilene with Rev. Roy Evans, pastor of the Glad Tidings Church of which she was a member, officiating. Burial was in the Bethel Cemetery at Anson.

Surviving the octogenarian are one son, Nick Ray Foster of Abilene; one step-son, W. C. Foster of Roswell, New Mexico; two daughters, Mrs. I. E. Cowley of Hamlin and Mrs. Gertrude Burks Lindsey of Ralls; one step-daughter, Mrs. Leon Johnson of Fort Worth; one brother, Albert Abbott of Anson; and one sister, Ophelia Allen of Silver City, New Mexico; five grandchildren, seven great-grandchildren and a number of nieces and nephews.

Crop Prospects in Santa Fe Region Are Late But Look Good

Crop prospects in the Hamlin territory and much of the rest of the area served by the Santa Fe Railway System, according to the monthly crop condition report issued by the railway. Portions of the report continue:

In much of the state showers during early September aided in growth of late sorghum and cotton acreage and enabled farmers to plant much of their intended wheat acreage. In all except the

High Plains, cotton and sorghums generally are nearing maturity with harvest underway. In the High Plains, cotton continues to be from 10 days to two weeks late, and the cool nights have slowed development of cotton and late sorghums in their race against time to mature before hit by killing frost. If frost holds off until the average first killing frost date or later, most of these crops will mature. With an average or later killing frost date, there is a possibility of Texas producing 200,000,000 bushels of sorghums.

HOW MUCH WOULD YOU CHARGE-

TO WASH THESE CLOTHES...?

TO BEAT THESE RUGS...?

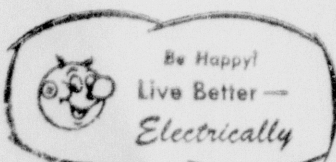

TO WASH THESE DISHES...?

Electricity does it for only a few cents!

Electricity is the biggest bargain in your budget—and even more of a bargain today than it was years ago—in fact in homes served by WTU, the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago. Your electric bill may be higher, but that is because electricity is so inexpensive you can afford to use much more of it these days. Don't you think so?
